

Summer in South Shore

My favorite season in South Shore is summer because there are a lot of things to do. There's waterboarding, skateboarding, and baseball. Well that's the things I like to do. I'm going to tell you how and when I got started.

The first activity I do in the summer is waterboard. I got started about a year ago. I saw a kid doing flips and stuff so I wanted to try it. I can only do a few tricks. But most of the time I'm in the water because I fall alot. Onetime I fell really hard and I had a really bad headache. I can do a 180° but every time I get around I fall. That's one thing I like to do in the summer.

The second activity I like to do in the summer is skateboard. I got started about a year ago. Just like waterboarding I can only do a few tricks. Most of the time I'm on the ground because I fall alot. Onetime when I fell

it felt like I broke my ankle but I didn't. I was ok. It took about a week before it started feeling better. I've learned some tricks. Even sometimes I can jump over stuff. That's one more thing I like to do in the summer.

The final activity I like to do in the summer is play baseball. I got started when I was 2. I've been playing ever since. Last season we won the championship. I hit won over the fence. It was exciting because it was only the second one of my life. I even pitched in the game. That was my final activity I like to do in the summer.

I told you what I like to do in South Shore in the summer. Wakeboard, skateboard, and play baseball. Have a good day.

You did well on this!
